To: Hibret Bank SC. Head Office

Subject: Application for Employment

Dear, Hibret Bank Head Office

I am writing to express my strong interest in employment in your your self esteem bank as software developer position. I am writing to express my keen interest in exploring the employment opportunities within Hibret Bank, a leading financial institution I greatly admire for its contribution to Ethiopia's banking and financial sector.

I hold a Bachelor of Science in Computer Science from St. Mary University , completed in 2025. My academic background has provided me with a solid understanding of System Design and Database.

In my previous role as Junior software developer at Fril-El Ethiopia for one year as an intern and as regular employee, I gained practical experience in making systems that help to facilitate work flow easily by recording. I am as well adept in building user interface and making sure requirement is satisfied.

During my studies and through internships, I developed strong skills in communication, teamwork, attention to detail and proficiency in google Office applications. I am a quick learner, as well as highly motivated, and possess a strong work ethic suitable for the dynamic banking and financial environment.

I am particularly drawn to Hibret Bank due to its reputation for customer focus, innovation, nation wide reach, commitment to employee development of excellence and its significant role in the Ethiopian financial landscape. I am confident that my skills and my dedication would make me a valuable asset to your team.

Thank you for considering my application.

Sincerely, Yabsera Bogale.
